A VERITABLE SOCIAL TRIUMPH.

Mayville Assembly at the Residence of Colonel and Mrs. F. S. Owens.

The young men of the Mayville Assembly scored a veritable triumph last night in the entertainment given by them in honor of the young ladies who have recently returned home from school, and the numerous fair guests who accompanied them. Fourteen visiting young ladies from other states were present and their presence added greatly to the occasion.

The function took place at the spacious residence of Colonel Frank S. Owens, No. 128 West Front street. Mrs. Owens having kindly offered the young men of the Assembly the use of the house. From top to bottom the house shown with its innumerable gas lights that cast their soft glow on the happy throng of belles and beaux assembled. The entire first floor, halls and stairways were covered with immaculate white canvas, the long vista of rooms presenting a most enticing sight to the eyes, and making a most desirable smoothness for the feet of the dancers.

From the time that the first sweet strains of the harp in the hands of the well-known artist, Rocco Ferro of Covington, fell upon the ears until the tired and happy dancers ceased in the late hours of the night, waltzes, scottishes, galop and quickstep followed in rapid succession.

Mrs. Owens had bestowed much care upon the decoration of the house which in every nook and corner showed some artistic arrangement of flowers, plants and ferns. Opening from the dancing rooms to the porches were arranged rustic seats and chairs into many cozy nooks, that were completely sheltered by large foliage plants, giving the appearance of a true typical Southern conservatory, the soft lights from many Chinese lanterns shining through the openings in the plants.

Midway the night delicious refreshments were served by Traxel and a score of trained waiters. A large bowl of lemonade stood in the front hall and was served throughout the evening.

Mrs. Owens looked very handsome in a dress of black henriette cloth, trimmed with white canton crepe, diamonds and La Belle France roses. She was assisted in receiving by Mrs. E. R. Blaine of Lexington, Miss Lydia Browning, Mrs. G. S. Wall, Miss Lida Berry, Mrs. E. P. Browning and Mrs. R. B. Owens.

THE probabilities are that Robert M. Cartmell of this city, now the genial assistant to Colonel W. C. Payne, will soon be transferred to Ashland and given the Adams Express Agency at that point. If this pans out, the Ashlanders are to be congratulated on securing an excellent gentleman as a citizen.

A FELLOW named A. J. Martin has been getting a good deal of newspaper notoriety in Newport and Covington by representing that he was assaulted while crossing the new bridge from Cincinnati a few nights ago. It now turns out that he was full of Vine street whisky and fell against the bridge iron, cutting his head.

THE C. T. Mason farm in Christian county is the largest in Western Kentucky. It consists of nearly 1,500 acres of North Christian land, worth \$35 per acre. The wheat crop now ready for the blade consists of about 1,000 acres. There are about 340 acres in corn and 140 in tobacco. Forty-three colored men and boys are required to work the farm, and there are only two white men on the place.

THE Fifth Division of Kentucky, 8 of V., met in Newport Tuesday in annual convention. The following officers were elected for the year: William H. Hedlin, Mayville, Colonel; J. Hazard Deane, Newport, Major; W. H. Deane, Newport, Major; T. L. Reeves, Covington, Delegate-at-Large; J. E. Stebbins, Newport, Division Council; W. S. Drew, Alternate-at-Large; J. H. HOWARD HENDERSON, now of Cincinnati, on the forenoon of St. John's day, June 24th, will address a Masonic celebration assembly at Carlisle, participated in by the Masons of Mayville, Flemingburg and Carlisle; and in the afternoon, near Millersburg, an assembly composed of the Masons of Paris, North Middletown, Flat Rock, Riddles Mills and Mt. Henderson, who have occupied high Masonic positions, and has been Grand Master of Kentucky Oddfellows, will be attended by several prominent Cincinnati Knights Templars. The Doctor was born at Paris and brought up at Millersburg.

SENATOR HARR had a talk with ex-Secretary Blaine recently. The Senator has told some of his friends that Mr. Blaine said that he had no thought of going to the Senate. He assured Mr. Hale that he had no idea of taking any place in public life.

The United States Court at Frankfort will try the case of Foster v. Wilson involving the title to fifty thousand acres of land near Pineville, worth a million dollars. The state of Kentucky now comes in and claims it on the ground that these parties are not the owners and that the heirs of the original patentee are dead.

JOE NICHOLS, who *The Ashland Signal*, is "billion Kenora for the merchants' picnic." If he is only billing the houses he ought to get done in half an hour, but if he undertakes to bill the stakes that carry "choice corner lots," he had better hire a team and six assistants, or he won't get through in time to go the World's Fair.

GRANT WRIGHT, who was drowned at Caswell, W. Va., Friday night while swimming, is the one who hired a thirteen-year-old brother to shoot another brother while he was sleeping. The boy was in jail at Pikeville, where the crime was committed. An unknown man is arrested and accused of drowning Wright. A girl is said to be the cause.

GEORGE W. GELTMANER, a Louisville butcher, was stopped by three masked men on the Green Valley road, not far from New Albany, and robbed of \$5,500. He had gone over there to buy a farm, taking the money along to make the payment. He can give no clue to the robbers. If there's anything in a name, the loss ought to worry him very much.

EUGENE J. BARNET of Dayton has given an endowment of \$40,000 to Denison University, Granville, O. He is a member of the Board of Trustees of the Institution. Dr. W. H. Doane of Cincinnati gave an endowment of \$25,000. The first named gift is to be devoted to the establishment of a "Science Hall," and the latter to an academy building.

THE corner upon which the recently erected Chicago Inter Ocean building stands, has been sold for \$250 a square foot. The lot is only 30x40 feet, but it has brought \$30,000. At this rate an acre of land in that neighborhood would cost \$20,000. The building is not included in the sale. The lot is leased by the Inter Ocean Company for ninety-nine years.

A. W. BLAIR of Nicholas, notice of whose death Tuesday night was printed exclusively in THE LEDGER yesterday, was 74 years of age. He was well as usual at supper time retired at 8, and at 11:30 was dead from heart disease. A widow and four children survive, all the latter grown and married but one. His funeral will take place at 10 o'clock this morning, interment in the Carlisle Cemetery.

LAST year a Mr. Ludlow, General Agent for the Providence Savings, Life and Assurance Company, represented to the citizens of Middleborough that if the company could get \$1,000,000 worth of insurance in that place, it would erect a \$20,000 building. The company has pledged, and F. A. Weston, a Lexington architect, was employed to draw the plans for the proposed building. The building has failed to materialize, and the company has neglected to settle with Mr. Weston, so he has brought suit for \$1,000.

MISS BELLE GOLDMAN, daughter of the late Rev. Dr. Goldman, a distinguished Jewish Rabbi of Cincinnati, was married a few days ago to Dr. Lewis L. Yonker, a Gentle of Bowling Green, O. It will be remembered that, some years ago, the Rev. Dr. Goldman and his son-in-law married a Gentile who was not noted for his piety. Some of the good Rabbi's friends expressed to him their regrets that his daughter should have married outside the faith, when Dr. Wise, who is a noble specimen of manhood and good sense, philosophically replied: "It is not so much a matter of regret with me that my son-in-law is a Christian, as it is that he is not a Christian."

OUR WEEKLY CROP BULLETIN.

Condition of the Small Crops Throughout Kentucky 1st to Yesterday.

The general state of crops was improved with the weather conditions of the past week. The amount of sunshine and temperature was in excess of the normal in most of the state, while the rainfall, coming as it did in the form of local thunder storms, was so unevenly distributed that it is difficult to generalize as to its effects. It would appear from reports, however, that the Eastern and Central counties were not as well favored in the amount of rainfall as other parts of the state.

The wheat harvest has commenced, and barring some slight injury from rust, the crop promises to be the finest in years.

Corn is backward but is improving and its main need in most parts of the state is more rain.

Tobacco is nearly all set, but the progress of the plants is retarded from lack of sufficient rain.

Oats and barley promise to be fair crops, and the yield of hay is very large.

Late fruits are falling from the trees badly, and this will probably have the effect of shortening the crops.

IN ROC SHINO VINCES.

A Word to Republicans.

The hope of the parties in the expansion
of a moderate Republican press. The Republic
has been a constant reminder to the
support of a Democratic party to the exclusion
of one of its own party newspapers in return
to the Republican cause.

Unanimously subscribed to by the National
Republican League.

J. S. CLARKSON, President.
A. B. HUMPHREY, Secretary.

It may very well be doubted, says
The New York Press, whether the
Southern states are likely to grow in
transatlantic this year for any Democratic
candidate standing
the South.

RECIPROCITY AND
THE SOUTH.

attacks the McKinley law and de-
mands its repeal. The Southern
industries are ready to revolutionize the
iron trade of the country and possess
the home market, by reason of the nat-
ural advantages of the location of their
ore, coal and flaxing material very near
together, and the intelligent business
men of that region will doubtless object
to seeing Protection that has built up
the industries of the North attacked just
as it is beginning to give the South its
share of the building up. If it were the
Republican party that was attacking
the Tariff just when it is beginning to
help the South, the Democrats would
raise a cry of "sectionalism."

Of course not only the home markets,
but the foreign markets are opened up
to the South by the reciprocity treaties
made under the McKinley law. Central
and South America and the West Indies
are nearer neighbors to the Southern
Atlantic states than to New England,
New York or Pennsylvania. The king
of the South was cotton before the war.
It is her great agricultural crop still.
Here is the way our exports of cotton
manufactures to those countries are
increasing:

Yards of Cloth Exported During April

1891. 1892.

Brazil. 497,717 1,445,574

Argentina Republic. 12,579 491,414

Colombia. 448,024 371,549

Other countries in
South America. 1,470,349 2,735,966

Cuba. 31,334 49,068

Santo Domingo. 65,269 198,131

Other West Indies
and Bermuda. 553,997 681,773

Puerto Rico. 496,110 11,615

Mexico. 229,827 491,414

Central America. 407,319 843,398

Total. 4,392,067 7,236,066

An increase of over 68 per cent in
one year is phenomenal enough, in com-
parison with normal increases, to make
the South ask whether the politicians
who want to pull down the law under
which these reciprocity treaties were
made are not her enemies. Remember
this: The increased exports send or
fall with the principle of protecting the
imports which these countries send us,
against their rivals, who are of course,
anxious for us to adopt Free-trade.
It would be much wiser for the South to

VOORHEES ILL.

The "Tall Sycamore of the
Wabash" Attacked.

Neuralgia of the Heart Seizes the Well-
known Indiana Senator.

On Advice of His Physician He Goes Home
Leaving a Letter Advising Some One
Else to Make the Speech Seconding
Ex-President Cleveland's Name.

CHICAGO, June 23.—Senator Voorhees, of Indiana, is seriously ill with neuralgia of the heart. He is subject to these attacks. He left the city for home Wednesday afternoon, but before going sent a letter to Mr. J. E. Lamb, of the delegation, in which, after saying that his physician advised him against making a speech, he wrote:

"As you are fully aware I would most gladly carry out the wishes of the date, in seconding Mr. Cleveland's nomination. This duty must be performed by some one on our state, and it rests with the delegation to make the proper selection. I sincerely trust that our position in regard to this matter may be left in no doubt whatever, and that the convention may be assured that the democracy of Indiana accepts and indorses Mr. Cleveland's nomination without reservation or hesitation. Let the convention be assured that it is our firm resolve to face the enemy in our state in unbroken line of battle, and to win a decisive and glorious victory by November."

R. E. Morse was elected chairman of the delegation, and Will English selected to second Cleveland's nomination.

THIS SETTLES IT.

Depew Can Have a Cabinet Position If He Wants It.

New York, June 23.—A morning paper says Vice-President Walter Webb, of the New York Central railway, now on a vacation in Europe, has been summoned home by cable. He sails from Liverpool Thursday. This looks as if Mr. Depew is to be the next secretary of state and Mr. Webb the next president of the New York Central road.

It is understood that the president has not formally tendered to Depew the portfolio of state, but that he is ready to do so when Depew signifies absolutely his readiness to accept. It is probable that no man ever resigned so many offices to accept a new one as Depew will resign if he enters President Harrison's cabinet. He is now either president or director in 17 of the largest companies in the country, and he will have to resign from everyone of them to accept the single office of secretary of state.

ABNORMAL AFFECTION.

It Causes a Louisville Woman to Drown Herself.

LOUISVILLE, Ky., June 23.—(Unnatural love for her own sex caused) Mollie Williams to commit suicide by jumping into the river. The woman has for some time shown marked partiality for a "woman lover," who quarreled with her. Mollie, at once became despondent, and shortly before 10 o'clock left the house and started in the direction of the river. She stood on the edge of a coal bridge for several minutes, evidently in deep thought. Then, lighting a cigarette, she cast herself into the water. A dockmaster witnessed her actions, but before he could reach her she sank for the last time. An hour later the body was recovered. The woman was twenty years old.

A BILLION DOLLAR CLAIM.

Dr. Love and the Other Little Will Probably Settle for Less.

SAN ANTONIO, Tex., June 23.—Dr. J. R. W. C. Love, an American residing in the City of Mexico, will arrive here for the purpose of instituting suit in the United States courts for the recovery of six million acres of land in North Texas and including that portion on which the cities of Dallas and Fort Worth are located. Dr. Love claims that his land, which he inherited from his ancestor, for services. Its value is estimated at \$1,000,000,000. A number of the heirs of Col. Ross, living in Louisiana, Texas, New York and California are interested with Dr. Love in the proposed suit.

duty Free for the World's Fair.

WASHINGTON, June 23.—Assistant Secretary Spaulding has instructed the collector of customs at Chicago that samples of articles imported free of duty as exhibits at the World's Columbian exposition may be freely distributed by the exhibitor, provided such samples are of no commercial value. He says that no imported article at the exposition shall be sold and delivered, without payment of the duty upon the same after due entry at the customs-house. Show cases, railings, stands and enclosures designed for use by any exhibitor in the display of articles exhibited by him will be admitted free under general regulations.

Palacio Still in Hiding.

New York, June 23.—A Panama dispatch says advice from Caracas, Venezuela, June 16, state that Dictator P. L. P. has not yet succeeded in escaping from the capital, although he has been hiding. He had tried, but failed to reach the seabor and was still in hiding. Where it was not known, although it was pretty certain that he was not in any of the legations. Congress had denounced him and his partisans were unable to succor him. It was expected that he would be killed if caught.

A Had Seminole Killed.

PRELLE, L. T., June 23.—Bob Leslie, a desperate Seminole Negro was shot and killed near Sacred Heart mission and his head was sent to the capital. There was a standing reward of \$1,000 for his capture. Two deputy marshals succeeded to effect his arrest, when the desperado made resistance and was tempted to kill his captors, whereupon the marshals opened fire upon him and shot him full of holes.
